

IOP ELIGIBILITY

New clients for our Intensive Outpatient Program (IOP) for drug and alcohol services must have at least one of the following prior to enrolling:

- Completion of a 28 day (or more) inpatient or outpatient program.
- Completion of a SAP program while incarcerated
- Participation in the KY Drug Court system
- Participation in a non-clinical recovery program for at least 4 weeks, i.e. 12-Step Meetings, Smart Recovery, Celebrate Recovery, etc.

MAKE YOUR RECOVERY STICK!

**Behavioral Health, Alcohol and Drug,
and Addiction Treatment**

100% ONLINE!

Private and group therapy, outpatient and intensive outpatient treatment programs from the convenience and privacy of your computer, tablet, or mobile device.

RecoveryGlue.org

Your path to true freedom, inner peace, life fulfillment, and sense of purpose starts with choosing a recovery program and structure that YOU KNOW you can fully engage in without worry of neglecting other life obligations such as work and family.

MAKE YOUR RECOVERY STICK!

RecoveryGlue.org's evidence-based and best-practice programming helps you to establish and develop a positive and sustainable life direction. Our multi-faceted approach includes recovery skills, life skills, emotional and spiritual healing and expression, mental stimulation, and a strong therapeutic alliance from our recovery community members.

Watch our staff explain the Trait-Based Model

**RECOVERY IS A
LIFE-LONG
PRACTICE TO
MANAGE A
CHRONIC DISEASE**
